Exhibition

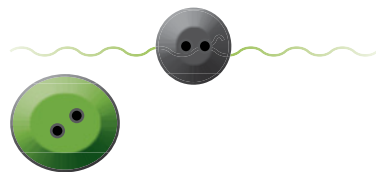

The Exhibition **Pretty Smart Textiles** shows how fashion, art and technology elegantly work together to become smart textiles.

Workshop - students

In the textile industry of the future, innovation, technology and development are key words. Students will get a unique hands-on chance to learn about future textiles and the technologies behind.

Masterclass for design teachers

In the textile industry of the future, innovation, technology and development are key words. Danish and international educators will get a unique chance to learn about future textiles and the technologies behind in this hands-on workshop.

Wednesday May 11th
afternoon - Friday mor-
ning, May 13th

Location:
TEKO
Building B - Auditorium

Expert Summit

International Expert Summit is the textile network of the future bringing together leading experts in fields such as electronics, textile construction, surface treatments, nano-technology, sustainable textiles and special-made textile fibers.

February 1st - April 4th.
Prize given Thursday
May 12th.

Location:
TEKO
Building B - Auditorium

Prize Competition

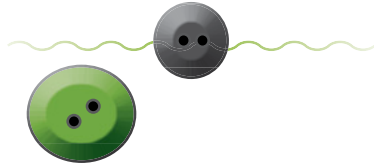

International Prize Competition for students from design- and engineering schools. The purpose of the prize competition is to find the best new ideas for textiles products of the future, or the most innovative connection between textiles and other product areas. The prize ceremony will take place during the International Expert Summit in May 2011.

Wednesday May 18th

Location:
TEKO
Building A - Auditorium

Seminar for the textile industry

Seminar for Textile and Apparel Professionals invites textile and apparel professionals as well as others with an interest in the area, to see some of the results of the work in Future Textiles' many workshops, master classes and the prize competition. The seminar will present the ideas, knowledge and visions of the participants in the expert summit as inspiration for idea generation and future product development in textiles companies.

Tuesday May 17th

Location:
TEKO
Building A - Auditorium

Seminar - International students

Seminar for international students presents the results of the Future Textiles events.
